

**Lijuan Ruan**  
*(Brookhaven National Laboratory)*

## **Outline:**

- **Questions to Thomas Roser**
- **Report from DNP Open Forum Meeting (Jim)**
- **Report from meetings with Bob Tribble, Amy Nunziata, and Lanny Bates**
- **Diversity (Justin)**
- **A few things on Quality of LIFE**

# Questions to Thomas Roser

---

- 1.) A general description of the 20 GeV acceleration plan for eRHIC**
- 2.) Progress on achieving that plan – successes and failures**
- 3.) R&D projects, how are things progressing with the Cornell tests**
- 4.) How to retire eRHIC risks (as identified in the Long Range Plan)**
- 5.) How best to compete with JLAB for the eRHIC siting decision**
- 6.) How can we help? (we, the user community)**
- 7.) Share some concern expressed by Users that BNL Management is not appearing at important eRHIC functions (aka Users Meeting)**
- 8.) Also, updates on eCooling, RHIC upgrades, are there any specific sPHENIX/CAD problems or successes (past, present or future)**

# Report from DNP Open Forum Meeting (Jim)

---

**40 people, 3 speakers, a very nice meeting ...**

**Dates for 2017 RHIC and AGS Users Meeting very soon.  
(June 13-16, 20-23, 27-30 ...)?**

# Report from Meeting with Bob, Amy, and Lanny

---

## **Bob:**

- **diversity workshop on Sep 7-8, 2016,**
- **overall budget update:**
- **RHIC current status of EIC location**
- **CD-0 for sPHENIX.**

**Amy: cafeteria**

**Lanny: discovery park**

# Diversity (Justin)

---

## A few other things

---

### A few things on QOL

Handicap access to housing, brought up by Brett Fadem

### CDC update:

Enrollment: below 40 to 49 now. Increasing.

Lunch program: 20 to 26 enrollment now

Staff changing, but so far voices from parents are positive.

BSA has contacted a consulting firm to further access the options and sustainability. Waiting for the update.

### Mailing list issue

### Nuclear Physics Day in March
